PROJECTS

TAFE Queensland Brisbane & University of Canberra school-based projects.

Book System | 2020
Allow administrators and authorised users to manage their database and integrate with their website.

Features include register and login system, admin can create new books. Users can search for most popular books, edit and delete books.

Hotel Booking System | 2021
A hotel booking system for customers to make reservations on the go and skip the queue.

The web service is written in Laravel PHP framework. The user interface was created using VueJS, Vuetify and axios. The backend and frontend app was deployed in Heroku.

Late Tax pty ltd | 2019
Collaboration with a client from a small business.

The following deliverables include designing a logo, business card, poster design, Mailing stationery (letterheads, envelopes) and magnet design.
